RE: July 2015 Report

Call Totals: West Lafayette Fire responded to 142 Total Calls in July: 101 Medical, 3 Fire, 4 Hazardous Condition, 13 Service Calls, 6 Good-Intent Calls, and 15 False Alarms, bringing the total number of runs for the year to 1,154.

Training: Members of the WLFD completed a wide range of training in the month of July, starting with each shift completing EMS in-service training with Lynnette Lister from Tippecanoe County Ambulance Service. Each shift completed two hours of refresher training on cardiovascular emergencies and hands-on skill review. Shifts took part in three separate building tour pre-plans, touring Wang Hall, North by Northwest Apartments (225 Northwestern), and River Bend Hospital, gaining valuable information on how to respond to these buildings. Each shift trained with Training Instructor Eric Doyle on hose line operations in multiple dwellings and then took part in a classroom session covering the hose line deployment at multiple dwellings. Each shift completed a hands-on drill at McCormick Place Apartments, stretching hose lines throughout the stairwells of one of the apartment buildings. Fire department personnel also completed 47 hours of single-station drills and skill reviews, consisting of map study, SOG review, the Firehouse system, elevator rescue, ladder skills, pump operations, gear drills, and repelling systems. This brought the department's total man hours of training for July to 301.

Inspections: Fire Inspector Jodie Imel completed numerous activities this month: 50 Inspections (including consultations via telephone, email, on-site; fire prevention inspections and re-inspections; and planning inspections), 1 Updated Emergency Contact Information (updating any emergency contact for occupancy or property), and 29 FireHouse Record additions (adding new occupancy or property to FireHouse database), bringing her yearly total for all activity types to 739.

Fitness: The City's Summer FitBit Walking Program came to a close after five weeks of seeing who could outwalk whom. Who knew a little rivalry could be so good for your health?

July 2015 Training Report

Many quality training hours were completed in the month of July at the Fire Department. July started out with each shift completing EMS in-service training with Lynette Lister from Tippecanoe County Ambulance Service. Each shift completed 2 hours of refresher training on cardiovascular emergencies and hands on skill review. Providing 34 man hours of EMS training. The shifts took part in 3 separate building tour preplans during the month of July. The shifts toured Wang Hall, North by Northwest, and River Bend Hospital gaining valuable information about responding to these buildings. 96 man hours of training completed during the tours.

Also in July each shift trained with the Department Training Instructor on Hose line operations in Multiple Dwellings. Each shift took part in a classroom session covering the hose line deployment at multiple dwellings. A hands on drill was completed at McCormick Place Apartments, where each shift was able to stretch hose lines throughout the stairwells of one of the apartment buildings. This provided real life training on skills that firefighters will need throughout the cities many apartment buildings. This training provided 124 man hours of great hands on experience for the department.

The Fire Department personnel also completed 47 hours of single station drills and skill reviews consisting of map study, SOG review, firehouse system, elevator rescue, ladder skills, pump operations, gear drills, and repelling systems.

Each and every firefighter worked hard to accomplish 301 total man hours of training to further their skills and knowledge this month.

SUBJECT: Monthly Activity Report – 21Jun15 through 20Jul15

The following activities were completed by the Fire Prevention Bureau for above noted dates.

Activity	Description	Total Completed
Inspections – All Types	The types of inspections included consultations via telephone, email and on-site visits; routine fire prevention inspections and reinspections; and planning inspections, which includes plan reviews and on-site visits.	50
Letters of Completion	An option for on-site reinspection is the return of a signed copy of the report of inspection. The representative's signature indicates all deficiencies noted during the routine fire prevention inspection have been corrected.	0
Updated Emergency Contact Information	This activity type is used when updating any of the emergency contacts for a particular occupancy or property. Notification could be by email, telephone call or on-site visit and could be initiated by an occupancy or property representative or by the Fire Prevention Bureau.	1
FireHouse Record	When a new occupancy or property is added to the FireHouse database, this activity is used. A new record may be created without including emergency contact information. In some instances, a new FireHouse record is created as a "placeholder" for a routine fire prevention inspection to be completed at a later date.	29
Total for all Activity Types		80

The following provides updated activity totals for the period 2Mar15 through 20Jun 15. The updated numbers include any activities that were not entered into FireHouse during previous reporting periods. Also during this time period, successful meetings were held with Ms. Jessica Cain, Williamsburg Apartments, regarding the current fire alarm system and the numerous false/nuisance alarms in Building 12, and Ms. Cristi Erb, regarding the current automatic sprinkler system in the Levee Plaza building. Progress continues to be made along the State Street Corridor for the completion of routine fire prevention inspections.
